SALT LAKE ARE TRAILING SECOND BANDIT

Salt Lake, Aug. 9.—With every railroad station being watched for miles around and a good clue in the possession of the sheriff's office, it is thought that the escaped bandit of Wednesday night's shooting at Midvale will be apprehended today. The robber is believed to have come to Salt Lake after the holdup.

A false alarm took a delegation from the sheriff's office to Alta on a fruitless chase yesterday.

Numerous flags at half-mast were but an index to the gloom that hovered over Midvale yesterday because of the murder of Night Marshal F. A. Colclough at the hands of the two robbers.

Through the maze of conflicting stories told of the shooting gleams a ray of almost convincing evidence that the bullet in the brain of the holdup, Charles Gammitt, was from the revolver of Marshal Colclough. The three shots fired by the latter, Paul Scherich, seem to be accounted for by the finding of two 38-caliber bullets in the clothing of Gammitt and the third embedded in the door frame of the saloon.

"The only bullet that remained in the body of the robber passed into the head above the right eye, along the floor of the skull cavity and lodged at the base of the brain," said County Physician A. N. Hansen last night. "Two passed through the right thigh and one through the left forearm."

Small Chance of Recovery.

The pressure of the blood clot around the bullet was found to be so great as to leave small chance of recovery. No attempt was made to extract the bullet, which it is believed would be found to be of the same calibre as the revolver used by the marshal, a 32.

Sheriff Sharp found yesterday that Gammitt had worked as a miner in Bingham and Alta and that from July 18 to 20 he was a tenant of Dr. E. D. Hammond at the Judge Mercy hospital, having gone to the doctor with an order for treatment "from the Columbus Consolidated Extension Mining company of Alta." At that time Gammitt gave the name and address of a cousin, Winfred Martin, Sturgis, S. D., as one to be notified in case of his death.

Under the direction of Dr. Hansen the wounded man was removed from Midvale to St. Mark's hospital yesterday morning.

Willis Vincent, proprietor, and William Hughes, bartender, of the Vincent bar, believe the robbers of Wednesday night's raid were the men who held up the Vincent bar last week.

SOON TO ADVISE FOR BIDS ON CAPITOL

Salt Lake, Aug. 9.—The capital commission met yesterday afternoon at its offices in the Felt building for a final examination of the working plans of the new capitol before the tracings are made and the blue prints produced for checking specifications. The blue prints will be completed, it is estimated, within thirty days, following which specifications will be checked and bids advertised for. By October, according to members of the commission, bids will be advertised for and construction will begin with the opening of the new year, if not before.

The great amount of detail in connection with the plans and the attention that must be given the smallest items by the architect and commissioners has delayed the work to some extent, but with the exception of checking specifications, the preliminary work is over.

PROSECUTIONS TO BE BEGUN IN SEVIER

Salt Lake, Aug. 9.—State Sanitary Inspector Jordan is in Sevier county at the direction of Dr. T. B. Beatty, secretary of the state board of health, for the purpose of beginning the prosecution of several persons who have violated the law by failing to report cases of whooping cough. Dr. Beatty said yesterday that many deaths have resulted from whooping cough during the past few months, and that the board of health intends taking drastic measures to stamp out a threatened state-wide epidemic.

"Few people," said Dr. Beatty, "are aware of the serious nature of whooping cough, whereas, more deaths have been reported as a result of whooping cough than of scarlet fever and measles combined."

WILL DISCUSS BEET SUGAR AT CONGRESS.

Salt Lake, Aug. 9.—E. J. Becker, secretary of the Trans-Mississippi Commercial congress, was appointed by telegram yesterday that Truman G. Palmer of Washington, D. C., secretary of the Beet Sugar association, had accepted an invitation to address the congress on the subject of beet sugar. Mr. Palmer is an expert in his chosen field and the congress officials are elated at being able to include him among the speakers.

A communication was received by Mr. Becker yesterday from B. S. Hinkley, secretary of the Deseret gymnasium, offering open house at that institution to the visitors who will attend the congress.

STATE NEWS

TO REOPEN HOSPITAL.

Kaysville, Aug. 9.—The Kaysville hospital will be reopened in the near future with Dr. J. E. Morton as superintendent. It was announced yesterday that the entire equipment of the Grace hospital of Salt Lake had been acquired by the local institution, and that the business of the Salt Lake concern would be transferred here, where the country air and better surroundings are desired for private hospital work. The building to be occupied is situated close to the Bamberger depot. This will be the only hospital in Davis county and it is understood that the project has the endorsement of the medical fraternity of surrounding towns.

LECTURES ON SUMMER ILLS.

Brigham City, Aug. 9.—During the present month the people of Box Elder stake will hear lectures on summer diseases by some of the best authorities on those subjects. The physicians of this city will lecture to the parents in the parents' class every Sunday morning during the month.

BIG ADDITIONS TO SCHOOLS.

Kaysville, Aug. 9.—The county board of education is preparing to construct a large addition to the school building at Clearfield to provide for twice the number of children that are now being taught there. It is planned to have the building ready for occupancy when school opens this fall.

The large school building that did service in West Point prior to the erection of the new structure, has been moved this week to Syracuse to provide enlarged quarters for the high school at that place.

Davis county schools will begin work this year on September 16.

MRS. SHAWWERE BURIED.

Nephi, Aug. 9.—The funeral of Mrs. Samantha Shawwere was held in the tabernacle Sunday afternoon. Bishop W. H. Pettigrew presided. Music was furnished by the North ward choir. The speakers were J. S. Cowan, A. H. Belliston, I. H. Grace and W. H. Pettigrew. All bore a high tribute to the life and good work of Mrs. Shawwere. Mrs. George Ostler and Mrs. Stella sang a duet.

Frank Swazy of Mona was tried in Justice Cooper's court before a jury of Thos. Boyles, Robert Elliott, Leone Christensen and D. F. Winn for assault and battery on S. G. Ord last Monday. The jury returned a verdict of not guilty.

FRUIT GROWERS ORGANIZE.

Brigham City, Aug. 9.—Another fruitgrowers' organization has been formed in Box Elder county. This time it is the Bear River Fruitgrowers' association, with headquarters in Tremonton. Articles of incorporation were filed with the county clerk and the company is capitalized at \$15,000, the par value of the shares being placed at \$10. The company will carry on a regular fruit commission business and will handle real estate in connection. The officers of the company are as follows: John E. Burton, president; C. G. Adney, vice president; David Holmgren, treasurer; Moroni Mortensen, secretary. These officers, with John W. Larson, form the directorate. Permanent headquarters will be located on Main street near the Oregon Short Line depot in Tremonton.

WOMAN HURT BY ENGINE.

American Fork, Aug. 9.—Mrs. Alma Greenwood was painfully injured yesterday morning when struck by a San Pedro train at about 8 o'clock, while waiting to board the train for Salt Lake. The San Pedro ran an excursion train yesterday morning to carry the passengers who wished to attend the Utah State Relief society's outing at Wandersburg, and there was a large crowd waiting at the station. When the train was pulling in Mrs. Greenwood was shoved by the crowd against the moving engine, which struck her, knocking her heavily to the ground. She was immediately taken to her home. A physician found that she had five ribs on the left side broken, besides numerous other painful bruises. Unless there are internal injuries it is expected that she will recover.

INDORSE TAFT AND PLATFORM

Layton, Aug. 9.—By a majority of one the regular Republicans of Layton were able last night to adopt a resolution endorsing the Chicago platform and the Taft administration. The vote was taken at a meeting called to consider the organization of a Republican club in Layton.

Walter W. Evans had been chosen as chairman of the meeting and E. C. Kitch as secretary. A committee on constitution and by-laws had been appointed, consisting of L. S. Heywood, William W. Ramsey and Henry Ellis. The question of resolutions was up for discussion and Wilford Wigzell, Walter W. Evans and Lawrence E. Ellison had been appointed a committee on resolutions, when Dr. Frederick C. Pitt moved that the resolutions contain a strong endorsement of President Taft and the Chicago platform of the regular party.

Then the storm broke. Mr. Wigzell demanded to know if he would be bound, to the event of the motion's carrying, to support Taft at the polls. The chairman thought the vote would indicate the policy of the club to be formed and intimated that it would be binding on the members. Mr. Wigzell then withdrew from the resolutions committee and his place was filled by William Adams. When the vote was called it resulted 10 for the motion to endorse and 9 against. A number of those present refrained from voting. While the vote was close enough to upset the equality of the regulars, a still further uncertainty was injected into the proceedings by the failure to vote of so many of those in attendance.

The committees appointed were asked to report at a meeting a week later, at which time officers of the club will be chosen and arrangements made for a vigorous campaign for the regular ticket this fall.

HIS WATERLOO.

"How did the handcuff king come out in his public exhibition?"

"He got put out of business. You know he offers to open any cell."

Free—a Full Size 50c Box of the Great Iron Tonic—Make-Man Tablets

This Offer is Made to Intelligent Sick and Nervous Men and Women who want to Regain Perfect Health, Strength and Nerve Force

Forget everything else and make your nerves abound with great strength and your blood red, rich and pure—and you have solved the problem of nearly all your ills. Nourish your nerves with the food they are craving for—Make-Man Tablets, the great iron tonic, are a wonderful cure, a combination of safe ingredients which will make you realize their power in nerve strength and blood building. Food and exercise will not build you up. You need a nerve builder, a blood nourisher, if your vitality is at low ebb, can't sleep, have thin poor blood, lack energy, worry, suffer from loss of flesh, rheumatism, liver and kidney trouble.

GAS FIRE CAUSES RIOT OF HORSES

Oakland, Cal., Aug. 9.—As the theater crowds poured out into the streets last night, bevy of gaily dressed women were driven to the shelter of doorways by a scolding drove of forty-five fire-crazed horses rioting down the length and breadth of Broadway.

PARTY'S STRENGTH HAS BEEN SHOWN

Toledo, O., Aug. 8.—The showing made by the first National convention of the Progressive party Colonel Roosevelt said tonight on his way to Oyster Bay was one that would give the country an impression of the strength of the movement and lend impetus to the campaign.

"It was a great week," said the Colonel, "it was a great convention."

When the movement to form a new party was started, he continued, many men who had led the fight against him in the Republican party said no Progressive convention would be held, and if held it would be a failure. He said by this time they had changed their minds and realized

ized that they had made a mistake in what they had done in the Republican convention. Even leaders, in the new party were surprised at the size and character of the new party.

He referred to the progressive platform as containing planks which he desired, but could not have had in the Republican party had he been the nominee of that party.

Colonel Roosevelt said he had read parts of Woodrow Wilson's speech of yesterday, but he declined to comment upon it. Before leaving Chicago the Colonel discussed the Mississippi waterway plan, with a delegation from Missouri.

On his arrival in New York, Colonel Roosevelt will go at once to Oyster Bay. He said he hoped to have a rest of a few days before his campaign trips began, and that he would see as few persons as possible at Sagamore Hill.

When Colonel Roosevelt's train reached Elkhart, Ind., several hundred persons were at the station. They gave the colonel such a noisy welcome that although he tried several times to begin a speech he could not make himself heard. So he spent the time in shaking hands with those who crowded about his car singing out the children for special attention.

"Those little moose will grow up some day," he said.

SEA STRIKE MAY CAUSE A FAMINE

Honolulu, H. I., Aug. 9.—The Interisland Steamship company, has been notified by Superintendent Carr of the postoffice department, that it must not let the strike of the masters and masters on its vessels interfere with the mail service for which the Interisland company, under the provisions of its bonds, will have to pay.

WHAT IT MADE HIM FEEL LIKE.

Judge—After you drank that gallon of whiskey I understand you wanted to fight everybody. I suppose it made you feel like a new man?

Darkey—More'n dat, yer honor! It dun made me feel like a regular new woman. It sholly did, sah!

NEWMAN & STEWART

PHONE 2286

by McNamara with stealing his automobile and decamping with his wife for a tour of Europe. Mrs. McNamara was with the arrested pair in New York at the time of their indictment. When she reached San Mateo she was taken in an invalid's chair to her home.

Charges of perjury against the witnesses who support her husband's accusations against herself and her servant, it was said by Patrick Walsh an old family servant, will be made by Mrs. McNamara, and that she also will institute divorce proceedings.

WOMEN ADVISED TO EAT MORE APPLES

Chicago, Aug. 8.—If women knew that eating apples will do more to make their complexions beautiful than all the face remedies in the world they would eat the luscious fruit morning, noon and night," said W. Grant Border of Baltimore today, in addressing the International Apple Shippers association.

"Five years from now when the countless apple orchards that have come into existence in the last few years begin to bear, full crops the annual apple production of this country will exceed 100,000,000 barrels. We must advertise the apple as the national fruit if we are to prevent its over production." Other speakers said freight rates were responsible for the increase in the price of apples in recent years.

Summer Warmth on Winter Days

THIS is a big point of superiority with the Campbell System—the heat is moistened. It leaves the skin in its natural condition, not wrinkled and dried out—it preserves the woodwork and furniture. The whole house is warm and comfortable, the air is pleasant to breathe, it is a delightful place to live.

CAMPBELL'S WINTER CHASER

is just what the name implies—"chases" the winter, and brings you all the comforts of summer. Gives heat when it is most needed.

It burns its fuel by a slow and thorough combustion. The large fire-pot and water reservoir—the big air-chamber and entrance door in jacket—all are vital.
